FAMOUS GEORGETOWN BATTERY SIGNED WITH LOCAL KACEYS FOR SEASON

When the Kaceys take the field next Sunday for the third time against the fast Alhambra club of Worcester they will have the strongest battery outside of the big show. Manager O'Leary has been scouting round for some time to pick up a battery that can produce the real stuff am finally has secured what was cated during the past college baseball season as the best battery in the country, a battery that has been offered a contract with the Gliants and other big league team The battery is Reynolds, pitcher and Kenyon, catcher, the due forming the battery of the crack Georgetown University team. Kenyon is one of the snappiest catchers playing today outside the hig leagues. Not only is he a good catcher but he is also a hitting fiend and dangerous man on the paths. Durling the past season he had a batting average of 420 for the season, many of his hits going for extra bases.

Tuesday night's game was not really won by the Nuggets but was presented to them though error's on the Avanta part. Two wild heaves over third by Catcher Bean let in several runs. The Avants with the exception of a few errors played a better game and should have won. Big Chief Madden pitched the whole nine inning and was given good support in the and was given good support in the lield with the exception of the second base position which was rather weak. They base hit, bugan Gerber, Sixer, Breviste This was soon remedied when Texas Dallahan was chased out to right field BLANKENSHIP HOLDS RED SOX and Jack Hanrahan was put in. Jack was a decided improvement over the portly Texas.

Texas and Lefty Harris tried a double steal of home and third in the seventh inning but their plans were thwarted by Slim White who putguessed them and tried to run them down between the bases. However both got back to their bases unmolested while the crowd cheered, Texas all out of heath and rendy to drop. "We defeated the French players at Wimbiedon, but I believe the soggy condition of the courts had a lot to do with our victory. I am not certain we can do it again, but we hope to meet America at the finish.

Leonard and his trainers were enthusiastic today over the accurate hitting he has shown in his sparring matches. The three battered sparring partners, distressed despite the leather guards that protected their heads, garrubously attested the drive behind the champion's punches.

Adverse criticisms of the showing Leonard has made in his training bouts here centers on his footwork, once universally acknowledged as the cleverest to be seen. Leonard believes this criticism to be an egaggeration, but he has taken special exercises after each bout to limber his leg muscles. ble G., also started. Time 2:06 1-4; 2:06 1-2; 2:04 1-2.
